

Getting Started with the Harvard Club of Minnesota Website

The Harvard Club of Minnesota website is located at <http://hcmminnesota.clubs.harvard.edu/>.

You can use it to:

- Subscribe to our newsletters, including announcements of upcoming events.
- View and sign up for events sponsored by the Harvard Club and other alumni organizations within the Twin Cities Alumni Network.
- Join the club, entitling you to admission to member-only events such as the (free) annual holiday party, reduced prices for most other events, and access to the club's member directory.
- Find other ways to get involved, such as participating in the Harvard Prize Book Program, interviewing applicants to Harvard College, and contributing to the charitable activities of the Harvard Club of Minnesota Foundation.

Before doing any of these, you must first register on the website and log in.

Anyone may register and log in; you do not need to be a Harvard alumnus/a or student. However, there is one procedure for alumni and students and a different one for everyone else.

Registration by itself does not make you a member of the club. To join the club, log in and then click *Join or Renew* under the *Membership* menu. Membership is restricted to alumni, spouses of alumni, students, and parents of current students.

See the table on the next page for the registration and login procedure appropriate to you.
